Yonce, Stacey [9:26 AM]:

Good morning! Did you pick your interview questions yet? I have had a few thoughts since we talked if they'd be helpful...

Yonce, Stacey [9:31 AM]:

I got referred for Kim's position, FYI.

Stalcup, Dana [1:45 PM]:

CRAZY due to gold king mine spill. started interviews already. May still want to discuss with you. good luck with Kim!! tell me when I should call her and put in a pitch

Yonce, Stacey [2:21 PM]:

Well, Kim got my name, but there's no guarantee I'll get an interview. They were definitely looking for someone with process engineer experience, and mine is minimal.

Good luck with interviews!
